Director for Patents
Washington, D.C. 20231

S I R:

Prior to examination of the U.S. National Phase Application identified above, please amend the application as follows:

IN THE SPECIFICATION:

Page 1, line 3, insert the following sentence:

A1
This application is the U.S. national-phase application of PCT International Application No. PCT/AU98/00885.

IN THE CLAIMS:

Please amend the claims as follows:

A2 cont
1. A method for adapting a legacy software application developed for an environment comprising a centralized computing resource interconnected to a series of computer terminal devices to a network environment wherein said network comprises a system of distributed, interconnected network computing resources, said method comprising the steps of:
